INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Stanislaus Community Foundation (A Nonprofit Corporation) Modesto, California

We have audited the accompanying financial statements of Stanislaus Community Foundation (a Nonprofit Corporation), which comprise the statement of financial position as of December 31, 2016 and 2015, and the related statement of activities, and cash flow for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Members • American Institute of Certified Public Accountants

• California Society of Certified Public Accountants

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stanislaus Community Foundation as of December 31, 2016 and 2015, and the change in net assets and cash flow for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Stanislaus Community Foundation (the Foundation), a California Nonprofit Corporation, is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code (the Code).

The purpose of the Stanislaus Community Foundation is to facilitate and develop philanthropy by engaging in grant making. The Foundation administers several individual funds; each established by a donation describing either the general or specific purposes for which grants are to be made.

Classification of Net Assets

Generally accepted accounting principles requires the Foundation to report information regarding its financial position and activities in three classes of net assets - unrestricted, temporarily restricted and permanently restricted - based upon the existence or absence of donor-imposed restrictions.

Net assets subject to donor-imposed restrictions that will be met either by actions of the Foundation or the passage of time, are designated as temporarily restricted. Permanently restricted net assets are subject to donor-imposed restrictions that will be maintained in perpetuity. The investment income generated from these assets is available for general support of the Foundation's programs and operations or held within a specific fund. The Foundation's permanently restricted net assets as of December 31, 2016 and 2015 were \$4,280,096 and \$4,132,450, respectively.

The Board of Directors of the Foundation has the unilateral power to redirect the use of a donor's contribution to another beneficiary; however, they would exercise this authority only if the stated purpose of a contribution becomes no longer applicable and incapable of fulfillment. Accordingly, the Foundation's financial statements classify all net assets that are not permanently or temporarily restricted as unrestricted, but segregate the net assets into one of several different categories depending on intended purpose.

Cash and Cash Equivalents

Cash and cash equivalents are short-term, highly liquid investments with maturities of three months or less at the time of purchase.

The Foundation maintains cash deposits at several financial institutions. The Federal Deposit Insurance Corporation (FDIC) provides insurance coverage per depositor per financial institution. The maximum coverage as of December 31, 2016 and 2015 was \$250,000 for interest bearing accounts and unlimited on non-interest bearing transaction accounts. The Foundation also had money on deposit in brokerage accounts, which are not insured by the FDIC. At December 31, 2016 and 2015, the Foundation's uninsured cash balance was \$1,665,503 and \$806,272, respectively.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The balances of money on deposit by institution per the institution's statements are as follows:

	 12/31/16	12/31/15		
Financial Institutions: Modesto Commerce Bank	\$ 1,762,668	\$	863,001	
Brokerage Accounts: Charles Schwab	\$ 152,835	\$	193,271	

Contributions Receivable

Unconditional promises to give are recorded as contributions when received at the net present value of the amounts expected to be collected. At December 31, 2016 and 2015, the Foundation had \$840 and \$960 of uncollateralized contributions receivable, all of which will be received within one year. In the unlikely event all contributions were not paid, the maximum recognized loss would be \$840 and \$960.

Grant Awards

The Foundation receives grants from private grantors for various purposes. Grant income is reported in total in the year the grant was awarded with any amount not received accrued as a receivable. Typically, grant funds are disburses over several years, pursuant to each individual grant terms.

Allowance for Doubtful Accounts

The Foundation uses the direct write-off method for uncollectible accounts receivable. Generally accepted accounting principles require the use of the allowance for doubtful accounts method for accounts receivable. Management believes that all accounts receivable are collectible. Therefore, the direct write-off method is equivalent to the allowance for doubtful accounts method. Bad debt expense for 2016 and 2015 was zero.

<u>Investments</u>

Investments in debt securities and equity securities with readily determinable market values are recorded at fair market value. Investment assets are invested under the supervision of the Finance Committee. Investments are made according to the Investment Statement of Objectives and Policies adopted by the Foundation's Board. These guidelines provide for investment in equities and fixed income securities with performance measured against appropriate indices. Investment securities, in

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain long-term investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Fixed Assets

Fixed assets, consisting of the assets noted below, are carried at cost, net of accumulated depreciation. Asset acquisitions in excess of \$500 with a life in excess of one year are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets as follows:

Furniture 7 years
Office Equipment 5 years
Computer Equipment and Software Leasehold Improvements 10 years (not to exceed lease term)

The Foundation uses the deferral method to account for planning major maintenance activities, whereby the cost of major maintenance is capitalized and depreciated over the period to the next major maintenance.

Grants

Grants are made from available principal and income by or under the authority of the Board of Directors. Donor-advised funds permit donors to recommend possible recipients. Grants are recorded at the date of approval by the Board of Directors or when awarded under the authority of the Board of Directors, when the grant award is communicated to the grantee.

Management Fee

The Foundation charges an annual fee to cover the cost it incurs by administering each fund. This fee is applied to the general operating costs of the Foundation.

Income Taxes

The Foundation is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and California income tax, except on net income derived from unrelated business activities. The Foundation reported unrelated business income from a real estate investment partnership received as a contribution. The Foundation believes it has appropriate support for any tax position taken and, as such, does not have any uncertain tax positions that are material to the financial statements. The foundation is classified as a public charity under IRC section 170(b)(1)(A)(vi). Management believes that the Foundation will continue to

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

be exempt from taxes. The Foundation's federal returns are subject to examination by the IRS, generally for three years after they were filed.

Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets:
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Level 2

 Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at the year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of December 31, 2016 and 2015:

		12/31/16	12/31/15
Level 1 Common and Preferred Stocks Schwab - Equity Funds Schwab - ETF	\$	8,695,040 2,005,619	\$ 10,226,079 -
Mutual Funds Schwab – Bond Funds		7,283,615	6,707,734
Total Level 1	_	17,984,274	16,933,813
Level 2			
Other Investments Lo Conte Corporate Stock Real Property – Land	_	226,494 273,000	226,218 138,000
Total Level 2		499,494	364,218
Total Investments	\$	18,483,768	<u>\$ 17,298,031</u>

NOTE 2 FAIR VALUE MEASUREMENTS (Continued)

The following schedule summarizes the investment return in the statement of activities:

		12/31/16	12/31/15		
Interest and Dividends Net Realized and Unrealized Gains (Losses)	\$	363,935 798,009	\$	271,113 (246,221)	
Net Investment Return	\$	1,161,944	\$	24,892	

NOTE 3 FUNDS HELD FOR AND PAYABLE TO OTHERS

The Foundation receives and distributes assets under certain agency and intermediary arrangements. Generally accepted accounting standards have established standards for transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. The liability is reflected under Funds Payable to Others on the accompanying statement of financial position.

The Foundation has determined that all agency funds are most appropriately considered liabilities. Pursuant to the agency fund agreement, the Foundation will hold and administer the funds of the fund holders. It is the understanding that the fund holders would be entitled to and would exercise the right to receive the funds back at a later time. Therefore, these funds, comprised of total principal and related income and expenses held for the fund holders, have been included in the amount payable to others.

Funds Held For and Payable to Others at December 31, 2016 and 2015 consisted of the following:

	12/31/16		12/31/15	
Funds Payable to Others	39	25		
Book of Dreams	\$	48,967	\$ 53,749	
City of Modesto – Parks, Recs &

Operating Expenses		81,032		-
Professional Fees		17,942		-
Rent	60	25,620		-
Utilities		8,585		
Total Operating Expenses	\$	405,324	\$	98,430

NOTE 5 ENDOWMENT FUNDS

The Foundation's endowment consists of four individual funds established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the Foundation has interpreted the Uniform Prudent Management of Institutional Fund Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standing of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

In accordance with Foundation policy, up to 6% of a fund's permanently restricted balance can be reclassified as unrestricted to pay administration and grant costs.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration.

In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were zero as of December 31, 2016 and December 31, 2015.

Endowment Net Asset Composition by Type of fund as of December 31, 2016:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-Restricted Endowment Funds	\$ -	\$ 359,929	<u>\$ 4,280,096</u>	\$4,640,025

NOTE 6 PROFIT-SHARING PLAN

During the year ended December 31, 2015, the Foundation adopted a defined-contribution Profit Sharing Plan covering all eligible employees of the foundation who have 1,000 hours of service, except collective bargaining employees. The Foundation may make matching contributions and profit-sharing contributions to the plan each year at their discretion. Employees may contribute to the 401(k) feature through salary reductions up to the maximum permitted by law. For the years ended December 31, 2016 and December 31, 2015, the Foundation made matching contributions of \$0 and \$0 and profit-sharing contributions of \$10,097 and \$0, respectively.

NOTE 7 OPERATING LEASES

The Foundation leases the office space located at 1029 16th Street in Modesto under a non-cancelable operating lease expiring January 31, 2019. The lease has two, five year renewal options, which are reasonably assumed to be exercised. The monthly lease payment is \$2,060 and increases annually pursuant to a pre-determined rate schedule. Total lease payments for the years ended December 31, 2016 and December 31, 2015 were \$27,534 and \$25,620, respectively.

NOTE 7 OPERATING LEASES (Continued)

Minimum future lease payments to be paid each year and in the aggregate for the remainder of the lease are as follows:

Period Ended December 31,	12/31/16	12/31/15	
2016	\$ -	\$	24,660
2017	25,400		25,400
2018	26,162		26,162
2019	26,225	_	26,225
Total	\$ 77,787	\$	102,447

NOTE 8 CAPITAL LEASES

The Foundation is the lessee of a copier with a recorded cost of \$7,089 and \$0 as of December 31, 2016 and December 31, 2015, respectively. The assets and liabilities under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The asset is depreciated following the same policies for fixed assets owned by the Foundation. The amount charged to depreciation related to capital lease assets for the years ended December 31, 2016 and December 31, 2015 were \$473 and \$0, respectively.

Capital lease obligations consist of the following at December 31:

	 2016	2	2015	
US Bank- Savin Copier	\$ 7,581	\$	a-a	
Less: Amount Representing Interest	(807)			
Total Principal	6,774		-	
Less: Current Portion	 (1,302)			
Long-Term Portion	\$ 5,472	\$		

The following is a summary of payments on capital leases to maturity:

2016		2015	
\$	1,302	\$	-
	1,365		
	1,432		-
	1,501		-
	1,174		
\$	6,774	\$	=
	\$ <u>\$</u>	\$ 1,302 1,365 1,432 1,501	\$ 1,302 \$ 1,365 1,432 1,501

NOTE 9 NON-CASH TRANSACTIONS

The Foundation purchased fixed assets totaling \$7,089 through the use of financing for the entire amount.

NOTE 10 SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 18, 2017, which is the date the financial statements were available to be issued.
