INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Stanislaus Community Foundation
(A Nonprofit Corporation)
Modesto, California

We have audited the accompanying financial statements of Stanislaus Community Foundation (a Nonprofit Corporation), which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Members • American Institute of Certified Public Accountants
• California Society of Certified Public Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stanislaus Community Foundation as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

STANISLAUS COMMUNITY FOUNDATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Stanislaus Community Foundation (the Foundation), a California Nonprofit Corporation, is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code (the Code).

The vision of Stanislaus Community Foundation is that Stanislaus County is a community of choice where people live, work and thrive. To achieve this vision, Stanislaus Community Foundation's mission is to steward charitable resources and nurture partnerships to advance the common good. In addition to facilitating grant making through its charitable funds under management, Stanislaus Community Foundation leads systemic change initiatives in education, economic opportunity and civic engagement.

Classification of Net Assets

Generally accepted accounting principles requires the Foundation to report information regarding its financial position and activities in two classes of net assets – with donor restrictions and without donor restrictions - based upon the existence or absence of donor-imposed restrictions.

Net assets subject to donor-imposed restrictions that will be met either by actions of the Foundation or the passage of time, or are subject to donor-imposed restrictions that will be maintained in perpetuity are classified as net assets with donor restrictions. The investment income generated from these assets is available for general support of the Foundation's programs and operations or held within a specific fund. The Foundation's total net assets with donor restrictions as of December 31, 2020 and 2019 were \$12,387,929 and \$12,250,219, respectively.

The Board of Directors of the Foundation has the unilateral power to redirect the use of a donor's contribution to another beneficiary; however, they would exercise this authority only if the stated purpose of a contribution becomes no longer applicable and incapable of fulfillment. Accordingly, the Foundation's financial statements classify all net assets that are not permanently or temporarily restricted as unrestricted, but segregate the net assets into one of several different categories depending on intended purpose.

Agency Funds

Funds contributed by a not-for-profit entity in expectation that all distributions will benefit the donor not-for-profit entity are required to be recorded by the Foundation as an asset and a liability at fair value. These amounts net to zero, therefore, having no effect on the Foundation's net assets. The income and expenses of these funds are not recognized by the Foundation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

Cash and cash equivalents are short-term, highly liquid investments with maturities of three months or less at the time of purchase.

The Foundation maintains cash deposits at several financial institutions. The Federal Deposit Insurance Corporation (FDIC) provides insurance coverage per depositor per financial institution. The maximum coverage as of December 31, 2020 and 2019 was \$250,000. Funds held at credit unions are also eligible for an additional \$250,000 of insurance coverage under the National Association of Credit Unions (NACU) as of December 31, 2020 and 2019. As an additional strategy for ensuring insurance coverage, the Foundation maintains a cash sweep account which is housed at one institution but leverages FDIC coverage at multiple institutions to ensure more of the Foundation's funds are insured. The Foundation also maintained funds on deposit in brokerage accounts, which are not insured by the FDIC or the NACU. At December 31, 2020 and 2019, the Foundation's uninsured cash balance was \$2,760,259 and \$2,444,384, respectively.

The balances of money on deposit by institution per the institution's statements are as follows:

	<u>12/31/20</u>	<u>12/31/19</u>
Financial Institutions:		
Oak Valley Community Bank	\$ 1,799,689	\$ 1,106,976
Valley First Credit Union	230,242	-
Self-Help Credit Union	<u>462,006</u>	<u>459,463</u>
Total Financial Institutions	<u>\$ 2,491,937</u>	<u>\$ 1,566,439</u>
Brokerage Accounts:		
Charles Schwab	\$ 287,693	\$ 350,606
Merrill Lynch	<u>1,163,376</u>	<u>1,586,929</u>
Total Brokerage Accounts	<u>\$ 1,451,069</u>	<u>\$ 1,937,535</u>

Contributions Receivable

Unconditional promises to give are recorded as contributions when received at the net present value of the amounts expected to be collected. At December 31, 2020 and 2019, the Foundation had \$0 and \$825 of uncollateralized contributions receivable, all of which will be received within one year. In the unlikely event all contributions were not paid, the maximum recognized loss would be \$0 and \$825.

STANISLAUS COMMUNITY FOUNDATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Grant Awards

The Foundation receives grants from private grantors for various purposes. Grant income is reported in total in the year the grant was awarded with any amount not received accrued as a receivable. Typically, grant funds are disbursed over several years, pursuant to each individual grant terms.

Allowance for Doubtful Accounts

The Foundation uses the direct write-off method for uncollectible accounts receivable. Generally accepted accounting principles require the use of the allowance for doubtful accounts method for accounts receivable. Management believes that all accounts receivable are collectible. Therefore, the direct write-off method is equivalent to the allowance for doubtful accounts method. Bad debt expense for 2020 and 2019 was zero.

Investments

Investments in debt securities and equity securities with readily determinable market values are recorded at fair market value. Investment assets are invested under the supervision of the Finance Committee. Investments are made according to the Investment Statement of Objectives and Policies adopted by the Foundation's Board. These guidelines provide for investment in equities and fixed income securities with performance measured against appropriate indices. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain long-term investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Fixed Assets

Fixed assets, consisting of the assets noted below, are carried at cost, net of accumulated depreciation. Asset acquisitions in excess of \$500 with a life in excess of one year are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets as follows:

Furniture	7 years
Office Equipment	5 years
Computer Equipment and Software	3 years
Leasehold Improvements	10 years (not to exceed lease term)

STANISLAUS COMMUNITY FOUNDATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Grants

Grants are made from available principal and income by or under the authority of the Board of Directors. Donor-advised funds permit donors to recommend possible recipients. Grants are recorded at the date of approval by the Board of Directors or when awarded under the authority of the Board of Directors, when the grant award is communicated to the grantee.

Management Fee

The Foundation charges an annualized fee, allocated monthly to the funds, to cover the cost it incurs by administering each fund. This fee is applied to the general operating costs of the Foundation.

Income Taxes

The Foundation is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from Federal and California income tax, except on net income derived from unrelated business activities. The Foundation does not currently hold an interest in any investment which would pass through unrelated business income, however, the investment policy does allow for such investments. The Foundation believes it has appropriate support for any tax position taken and, as such, does not have any uncertain tax positions that are material to the financial statements. The Foundation is classified as a public charity under IRC section 170(b)(1)(A)(vi). Management believes that the Foundation will continue to be exempt from taxes. The Foundation's federal returns are subject to examination by the IRS, generally for three years after they were filed.

Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

STANISLAUS COMMUNITY FOUNDATION
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 DECEMBER 31, 2020 AND 2019

NOTE 2 FAIR VALUE MEASUREMENTS (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at the year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

NOTE 2 FAIR VALUE MEASUREMENTS (Continued)

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of December 31, 2020 and 2019:

	<u>12/31/20</u>	<u>12/31/19</u>

DECEMBER 31, 2020 AND 2019

NOTE 3 NOTES RECEIVABLE

In 2016, the Foundation was the recipient of a donor advised contribution consisting pre-existing notes receivable. As of December 31, 2020 and 2019, the balances of these notes receivable were as follows:

	12/31/20	12/31/19
Note Receivable – RF2 Funding LLC; payable in quarterly interest only payments at interest of 12%. Note matures March 2023.	\$ 250,000	\$ 250,000
Note Receivable – Marrone Bio; payable in monthly interest only payments at interest rate of 8%. Note matures December 2022.	<u>77,403</u>	<u>77,403</u>
Total Notes Receivable	<u>\$ 327,403</u>	<u>\$ 327,403</u>

The notes have been recorded at their face value which approximates their fair value.

NOTE 4 AGENCY FUNDS HELD FOR AND PAYABLE TO OTHERS

The Foundation receives and distributes assets under certain agency and intermediary arrangements. Generally accepted accounting standards have established standards for transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. The liability is reflected under “Agency Funds Held for Others” on the accompanying consolidated statements of financial position.

The Foundation has determined that all agency funds are most appropriately considered liabilities. Pursuant to the agency fund agreement, the Foundation will hold and administer the funds of the fund holders. It is the understanding that the fund holders would be entitled to and would exercise the right to receive the funds back at a later time. Therefore, these funds, comprised of total principal and related income and expenses held for the fund holders, have been included in the amount held for others.

NOTE 5 FUNCTIONAL CLASSIFICATION OF EXPENSES

Functional expenses of the Foundation are generally allocated by management based on time and effort expended in each category.

NOTE 6 LIQUIDITY AND AVAILABILITY OF RESOURCES

The Foundation monitors its liquidity so that it is able to meet its operating needs. The below table reflects the Foundation’s financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date. Financial assets are considered to be unavailable for general expenditure when they are illiquid or not convertible to cash within one year, assets held for others, perpetual endowments and accumulated earnings net of appropriations within one year, or because the board of directors has designated funds for specific reserves or long-term investments such as board designated quasi-endowments. The board restricted amounts could be used within one year if approved by the Board of Directors.

The Organization has a goal to maintain financial assets on hand to meet 60 days of normal operating expense, which are, on average, approximately \$150,000.

The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

NOTE 7 ENDOWMENT FUNDS

The Foundation's endowment funds consist of several individual funds established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the Foundation has interpreted the Uniform Prudent Management of Institutional Fund Act (UPMIFA) as requiring the preservation of the historic dollar value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

NOTE 7 ENDOWMENT FUNDS (Continued)

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standing of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

In accordance with Foundation policy and UPMIFA guidance, up to 7% of a fund's permanently restricted balance can be reclassified as unrestricted to pay administration and grant costs.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. For the years ended December 31, 2020 and 2019, the Foundation did not have any funds with deficiencies.

NOTE 8 RETIREMENT PLAN

During the year ended December 31, 2019, the Foundation implemented a SIMPLE IRA retirement plan option for employees. The SIMPLE IRA plan is available to any employee who earned at least \$5,000 in compensation in any two prior calendar years and is expected to earn at least \$5,000 in the current year. For the years ended December 31, 2020 and 2019, the Foundation contributed \$14,646 and \$9,952, respectively, to the SIMPLE IRA plan.

NOTE 9 OPERATING LEASES

Effective May 1, 2018, the Foundation entered into an operating lease agreement for office space located at 100 Sycamore Avenue in Modesto expiring April 30, 2023. The lease includes one 5 year renewal option. The monthly lease payments increase annually pursuant to a pre-determined rate schedule. Total lease payments made during the years ended December 31, 2020 and December 31, 2019 were \$73,435 and \$72,083, respectively.

NOTE 10 CAPITAL LEASES

The Foundation is the lessee of a copier with a recorded cost of \$7,089 and related accumulated depreciation of \$6,145 and \$4,727 as of December 31, 2020 and December 31, 2019, respectively. The assets and liabilities under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The asset is depreciated following the same policies for fixed assets owned by the Foundation. The amount charged to depreciation related to capital lease assets for the years ended December 31, 2020 and December 31, 2019 were \$1,418 and \$1,418, respectively.

Capital lease obligations consist of the following at December 31:

	<u>2020</u>	<u>2019</u>

NOTE 11 LONG-TERM DEBT

The Foundation has the following notes payable outstanding as December 30, 2020 and 2019:

	2020	2019
Note Payable – Small Business Administration (Paycheck Protection Program Loan), payable in monthly installments of \$6,555.61 at an interest rate of 1%. Loan matures April 2022.	\$ 116,490	\$ -
Less: Current Portion	(91,778)	(-)
Long-Term Portion	\$ 24,712	\$ -

The total amount of long-term debt related to the Paycheck Protection Program is eligible for forgiveness. The Foundation believes that all of the requirements to allow for full forgiveness have been satisfied and anticipate receiving full forgiveness in the next fiscal year.

NOTE 12 PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2020, the Foundation more clearly delineated and evaluated the uses and related restrictions of the various fund types offered which resulted in a presentation change and larger allocation of fund balance to amounts with donor restrictions. There was no overall financial effect to the Foundation as a result of this change.

NOTE 13 SUBSEQUENT EVENTS

Subsequent to year end, on April 20, 2021, the Foundation received confirmation of complete forgiveness related to the SBA Paycheck Protection Program loan referenced in Note 11.

Subsequent to year end, the Foundation was notified that the owed real property is located within an area which the County intends to utilize for a new overpass construction project. Accordingly, the County has expressed its intent to acquire the real property from the Foundation in a transaction which is currently anticipated to be completed by August 2021. Currently, the actual financial impact on the Foundation is impractical to determine due to pending valuations and appraisals.

Management has evaluated subsequent events through May 17, 2021, which is the date the financial statements were available to be issued.
